Dear Jim,

Thank you for your letter of 9 November - memorandum 3339. We have been forwarding copies of the IBMs through the pouch to ORR. However, I have raised the point with Arthur and a complete set of them is being assembled for dispatch to you. We are also increasing the number received on regular distribution and will mark one for your attention.

Arthur is most appreciative for the ideas you gave him - resulting in IBM publications here at [REDACTED]

Warmest personal regards,
